The image shows a weapon customization menu for a GE36 rifle. The interface includes a top toolbar with icons for a rifle, handgun, knife, first aid kit, magazine, and grenades. A central 3D model of the rifle is shown with a blue barrel and a scope. To the left is a grid of weapon variants, with the top-left one disabled. To the right is a vertical menu for skins: Default (disabled), Desert, Forest, and Winter. At the top right, there are dropdown menus for 'Sight' (BP_AGOILC) and 'Ammo Type' (BP_Cal556x45_Tracer). At the bottom, there are buttons for 'Cancel', 'Slot 1' through 'Slot 6', and 'Apply'.

I actually played with the Developer today, and asked him some questions. I said the map looked good, and he said "Thanks" and then told me it took a few weeks to build.

Heres the video lol

<https://www.youtube.com/watch?v=gJPE-HPERK8>. Very Trrash Waist of money DONT BUY!!!!. theres no servers feels like i wasted my money. What a waste of money. no servers. no single player missions. Just a rip off.. dont buy this game dont work. Don't Buy This Game\u2665\u2665\u2665\u2665\u2665\u2665No Control Config Option..
